Training School
"Scientific exploitation of space **D**ata for improved **I**onospheric **SPEC**ification"

21-25 September 2026

CIHEAM-MAICh, Chania, Crete, Greece

Dear colleagues,

We are pleased to announce the **DISPEC Training School**, organised within the *"Scientific exploitation of space Data for improved Ionospheric SPECification (DISPEC)"* Horizon Europe project.

This in-person school will bring together MSc/PhD students and early-career researchers for an intensive programme of high-level lectures, hands-on hackathon sessions, and networking focused on ionospheric physics, irregularities, and space-weather-driven processes.

📅 **21–25 September 2026**
📍 **CIHEAM-MAICh, Chania, Crete, Greece**
✔️ **Accommodation and full board covered** for all selected participants (travel expenses not included).

DISPEC

Registration opens on **Wednesday, 25 February 2026** (deadline: 30 April 2026); save the dates and stay tuned!

For more information, visit the school webpage: https://dispec.eu/activities-results/training/dispec-training-school.

Please do not hesitate to contact us for more specific information. You are also welcome to share this announcement with anyone who might be interested.

Best regards,
The DISPEC Consortium
